KEY INFORMATION
Fee-for-Service remuneration now incorporates wages policy increases and apply to the fees in the Commonwealth Medical Benefits Schedule (MBS) as at 30 June 2018 and without indexation adjustments arising from the phasing in of indexation from 1 July 2018.

The increases will be as follows:

<table>
<thead>
<tr>
<th>Period from</th>
<th>Increase</th>
<th>Cumulative Increase</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 July 2019</td>
<td>2.5%</td>
<td>10.3813%</td>
</tr>
</tbody>
</table>

The remuneration increase is in lieu of and not in addition to the indexation of MBS item fees.

The revised remuneration set out in this Information Bulletin will be implemented from 1 July 2019. A further Information Bulletin will be issued in the future to cover remuneration from 1 July 2020.

Note that this Information Bulletin does NOT apply to Visiting Medical Officers who are:

a) Remunerated under the arrangements set by the Rural Doctors’ Settlement Package

b) Appointed as a pathologist, or

c) Appointed as a radiologist.

Public Health Organisations must ensure:

- That the services to be provided under VMO service contracts are provided personally by the contracted VMO and are not sub-contracted out for performance by another practitioner; and

- Split contracts in respect of services to be provided at the one facility are only offered in circumstances outlined in Policy Directive PD2016_052 Visiting Practitioner Appointments in the NSW Public Health System.

Chief Executives are accountable for ensuring that only the remuneration authorised in the Information Bulletin, or otherwise specifically approved by the NSW Ministry of Health, is paid to Visiting Medical Officers.
Any enquiries concerning this Information Bulletin should be directed to the Human Resources or Medical Administration personnel in the relevant Public Health Organisation. Only Human Resources or Medical Administration personnel are to directly contact the NSW Ministry of Health.
