COVID-19 DATA COLLECTION AND REPORTING REQUIREMENTS NSW HEALTH INTRANET PAGE

PURPOSE

Advise all NSW Health Districts and Networks of the 'COVID-19 Data Collection and Reporting Requirements' NSW Health intranet page.

KEY INFORMATION

Data collection and reporting, source system and business process changes must be implemented to facilitate the identification, recording and reporting of impacts of the COVID-19 pandemic on the NSW Health system.

IMPLEMENTATION

Data collection and reporting requirements relating to COVID-19 are evolving frequently in response to different and more complex information needs identified at State and Commonwealth levels.

Data collection and reporting requirement changes impacting on business processes, source systems and data collections will be published by Information Bulletin.

Advisory documents are also being regularly produced to provide advice to the NSW Health system on the management and monitoring of the COVID-19 pandemic.

A NSW Health intranet page has been established to provide a 'one-stop shop' for all COVID-19 related updates to core NSW Health patient focused activity data collections.

This intranet page is located at:

<http://internal.health.nsw.gov.au/data/collections/covid19>

The intranet page will be updated as changes to data collection and reporting requirements are determined. Staff should visit the intranet page **regularly** to appraise themselves of the latest COVID-19 related data collection and reporting requirements for the relevant data collections.

CLARIFICATION ADVICE

The System Information and Analytics Branch, NSW Ministry of Health will provide clarification advice regarding these data collection and reporting requirements. Requests for advice should be directed to the Data Integrity and Governance Team of the System Information and Analytics Branch.

Advisory documents developed to support state-wide advice on data collection and reporting requirements to the NSW Health system may be submitted to the Data Integrity and Governance Team, System Information and Analytics Branch, NSW Ministry of Health for publishing on the NSW Health intranet page.
